1. The Committee of the Civil Aviation Historical Society may appoint from time to time a Research Fellow for the purpose of recognising a person who is conducting research into a specific topic in the history of civil aviation and who intends to use the Society's archives as a principal reference source.
2. The Committee may, at its discretion, call for applications for appointment as a Research Fellow or may make a direct appointment.
3. More than one Research Fellow may be appointed concurrently, although the number of concurrent appointments should be kept to a minimum so as to enhance the status of the appointment.

5. Appointment as a Research Fellow is honorary and does not carry any financial consideration.

7. If not already a Society Member, appointees shall apply to become a Member.
8. The Society will provide Research Fellows with keys to the Airways Museum and they may attend at any time for the duration of the Fellowship. The Society will instruct Research Fellows in relevant start-up and shutdown protocols, and Research Fellows are expected to take care to follow these procedures for the safety and security of the archive and Museum.
9. Materials may not be removed from the Airways Museum site without the specific approval of a Committee Member and all such removals must be recorded.
10. Research Fellows have free use of facilities at the Airways Museum, including photocopying documents from the Society's archives.

12. A copy of any works derived from the Research Fellowship must be deposited in the Society's archive.
13. The Committee may terminate appointment as a Research Fellow at any time at the Committee's absolute discretion.
